County Polio Fund "Broke"

The Crawford County Chapter of the National Foundation for Infantile Paralysis, Inc., is again "broke". This in spite of the fact that in the past five years we have raised locally \$11,904.71, with \$5,652.26 retained by our chapter and have received a net of \$5,910.00 in grants from the national headquarters totaling \$11,782.26 spent in Crawford County for assistance to Polio patients. That is 90% of all you have given!

In other words we have exhausted all we raised and all we have been given to care for those in need. In 60 days or less your local "March of Dimes" will again campaign to raise money for the debts we now have and to see us thru 1954.

You are asked to begin thinking about your contribution now. It is urgent that you stretch your dime to dollars for assistance to the unfortunate who have been stricken with Polio. Plan to give "ill it hurts" like those little kids must "stretch those muscles even after they hurt". Remember 98c of every dollar raised in Crawford County since 1938 has been spent for our own children—a total of \$11,782.26. John H. Peterson

Kiwanis Club Notes

L. G. Johnson of the Bechtel Corporation's publicity department was the speaker at Monday night's meeting of the Kiwanis Club of Grayling held at the Lone Pine Inn. He was introduced by James Wilton who was in charge of the program.

Mr. Johnson showed a full color and sound movie of the installation of the Trans Mountain Pipeline. This line runs west from Edmonton to Vancouver while the new pipeline that was laid through Michigan this past summer comes from Edmonton to Sarnia. The movie depicted the phases which engineering firms must pass through from the decision to build the line through to its completion.

Following the movie, the publicity agent for Bechtel answered questions. He said that the Lakehead Pipeline running through Crawford County was now under testing and that if all proved well, crude oil would be delivered to Sarnia and Port Huron about December 15.

Mary Martha Circle

The Mary Martha Circle of Michelson Memorial Church met November 17th at which time Mrs. Robert Funkh had a general discussion on the lesson, "Scientific Knowledge, a Stewardship." Mrs. J. L. Martin told of the activities of the missions in Chile and Uruguay.

A general discussion was held concerning the purchase of a motion picture machine, for the church.

The Red Cross asked the Circle for blood donors. Mrs. John MacAuley, Mrs. Tom Robertson and Mrs. Robert Funkh volunteered to assist Mrs. J. L. Martin with this work. Anyone wishing to help please contact Mrs. Martin.

The Circle will be entertained by the Mary Ruth Circle at a Christmas party in the church parlors on December 15th. Fifty cent gifts are to be exchanged. The Mary Ruth Circle would like the ladies to bring their holiday plates.

A lunch was served at the close of the meeting by Mrs. Carl E. Johnson, chairman, and Mrs. Harley Russell and Mrs. MacAuley.

Hold Exam For Frederic Postmaster

The first examination for Postmaster at Frederic, \$4,710 a year, under new, more exacting eligibility requirements recently agreed upon by the U. S. Civil Service Commission and the Post Office Department will be open for receipt of application until Dec. 15, 1953, the Commission announced today.

All previously existing postmaster examinations for first, second, and third-class post offices and lists of eligibles were cancelled recently. Higher standards of eligibility were prescribed for the filling of the more than 1,700 vacant positions throughout the country.

The Commission is taking all possible steps through special publicity to civic and other community organizations to encourage well qualified persons to apply for the examination.

Conservation Commission Secretary Eulogized By Governor

The unexpected death of Fred P. Struhsaker, 49, secretary of the state conservation commission last week was called a "personal and official loss" by Gov. Williams.

Struhsaker, chief of the department lands division between 1934 and 1951, died of a brain lesion in Edward W. Sparrow hospital Tuesday noon.

"Fred Struhsaker was a good public servant," Williams said. "I have known him for a long time and have always found him helpful and considerate."

"In his quiet and pleasant way, he seemed to manage to get things done which otherwise might have bogged down. He was a true conservationist and performed a real service for the people of Michigan in his chosen field."

"He was well liked by all who knew him, and his loss will be keenly felt by his many friends and those interested in the progress of conservation."

Struhsaker was appointed commission secretary in July, 1951. During his long tenure as lands chief, he was responsible for the administration of more than 4,000,000 acres of state-owned lands. Struhsaker was born in Waterville, O. He studied forestry at the University of Michigan and won a doctor of science degree in 1928.

He served briefly with the U. S. forest service in California, Utah and Idaho before joining the conservation department as an assistant in the lands division in 1929.

He is survived by his widow, Esther A., and four children, Paul, 18, Thomas, 15, Anne, 12, and James, 8. The family home is at 221 West St. Lansing.

Funeral services were held at 2:30 p. m. Thursday at Ester-Leady Colonial chapel. Rev. Julius Fischbach of First Baptist church officiated, with burial in Evergreen cemetery. Pallbearers were Gerald E. Eddy, Wayland Osgood, Justin W. Leonard, Duward Robinson, Fred A. Westerman and Charles E. Miller.

Present from Grayling were: Mr. and Mrs. George Griffith and John Bruhn.

Mr. and Mrs. Thomas Wells and William LaRush attended the funeral of an uncle, Mrs. Wells, William Tatro in Flint Wednesday of last week. Mr. Tatro is the last of 13 members of the Tatro family. Nellis and Vernon Fiedler of Monroe, brothers of Mrs. Kiet Sorenson, were here the first few days of deer hunting season to try their luck, but went home disappointed.

Charles Day of Chicago who was a guest at the home of Harold Edwards, here for hunting, succeeded in filling his license Wednesday of last week. Van Robinson and Arthur Fraser of Detroit hunted with Harold Edwards last week.

Thanksgiving Service, Thursday evening, November 26, 7:30, Grange Hall.

JANE BRUSH

Mr. and Mrs. Arden Snyder announce the engagement of their daughter Miss Jane Brush to David (Skip) Hanson, son of Mr. and Mrs. Carl Hanson. Both are graduates of Grayling High School of the class of '52. Jane attended Northeastern Michigan School of Commerce in Bay City and is now employed in the office of Bear Archery Company. "Skip" is serving with the U. S. Army and recently spent a furlough at home, returning to duty on Nov. 11. He was being transferred at that time from Fort Sil, Oklahoma to Fort Lewis, Washington, and expected to leave soon for service in Korea.

Hunters Bag Albino Buck

Frank J. Peroni of Lexington, Mich., and Matthew Orlando of Detroit, members of a hunting party here last week shot what they have learned since is Pinto Albino deer. It was in the hunting area near Hartwick Pines Park that they caught a glimpse of the Albino and so camped on its trail and on the morning of Nov. 18th about 8:30 came upon it and both hunters shot and felled him. They took their prize to the Conservation headquarters at Houghton Lake, where pictures were taken and where they were told that this kind of Albino is very rare and that one out of every thousand is ever seen or taken, so they do have a rare specimen. It was a beautiful looking animal, white with brown spots, had five points and weighed 105 pounds when dressed.

Mr. Peroni and Mr. Orlando have been coming to Grayling each season since 1936 for deer hunting and always made their headquarters at the home of Mrs. Frieda Lenart, when she resided in her home on the AuSable River.

Mr. Peroni is a member of the Grayling Sportsman's Club.

Indies Open Season Saturday

The Grayling Independent basketball team, playing this season under the sponsorship of the Bear Archery Company will open their season Saturday night when they meet Manton there, according to Manager Myrton Burrows.

The Bear team will open its home stand on Saturday night, December 5th when they tie into a Curtis Distributing team from West Branch on the High School floor. A preliminary game has been set for 7:30 p. m. The West Branch team will be led by big Ed Janish, former professional basketball player and now a coach.

The Bear starting five will probably be selected from Ed Smith, Sandy Thompson, Bob Kintulla, Jim Rutledge, Hank Feldhauser, Dick Miller and Art Allen. The squad numbers several more who will probably see action during the evening, Manager Burrows said.

Grayling defeated Manton last year by a slim margin of one point on a final second goal shot by Ed Smith. The Manton five will be looking for a victory next Saturday night to make up for their close defeat of last season.

Suffers Painful Burns In Fire Accident

Mrs. Maggie Leverton is carrying her left hand in a bandage, having received severe burns while trying to put out a fire that threatened her home in Beaver Creek Wednesday morning of last week. She had lit an oil burner, and she says there was an explosion of some kind and she looked across the room and a lace curtain was in flames. She tore the curtain from the window and in trying to hurry through the house to the kitchen sink where she turned the water on it, she received the burns. It is thought that there must have been a gas pocket somewhere in the house that caused the explosion. She was hurried to Mercy Hospital, which was at about 6:00 in the morning and had her burns dressed, but not before she had suffered a lot of pain with it.

Guests at the home of Ralph Willetts for the opening days of the hunting season were Clarence Smith Sr., Clarence Smith Jr., Elwood and Gerald Smith and Larry Mayotte, all of Bay City. Two of the party took home bucks.

Grayling Air Base To Be Used For Winter Testing

Need More Blood Donors

With six registrations on hand today, the Community Free Blood Plasma Procurement Committee issued another appeal for volunteers to donate blood for this community's plasma and fractions supply.

We must have about 200 more volunteers. This is a community life-saving project. The only way we can get plasma and fractions for every one who needs them is for every able-bodied adult to give a pint of blood," the Committee said.

The community plasma procurement center which will be set up in the M. M. Church basement will be open from 11:00 a. m. to 4:30 p. m., on December 4th. The center will be staffed by a doctor and nurses loaned by the Michigan Department of Health. All of the blood collected here will be returned to this community in the form of plasma and fractions for treatment of accident or illness.

Residents of Crawford County between the ages of 18 and 60 who are able to donate blood are urged to call 3261 or 4781 and register.

A blood donation will take only a half hour of your time, but it may mean a lifetime for you or someone else.

DEAD MAN'S CURVE TAKES 2 MORE LIVES

Two Detroit police officers, northbound for Gaylord on a deer hunting trip, were both instantly killed on "Dead Man's" curve on M-76, 11 miles South of Grayling, Sunday evening when their car left the highway and crashed into a tree.

Victims of the crash were Patrolmen Anthony C. Korankiewicz 35, and Conrad W. Koski, 33.

State police said Korankiewicz, the driver, was traveling at more than 60 miles an hour when his car left the road and rained into a tree.

Koski was the father of four children; Korankiewicz the father of two.

Cpl. Milton Eddy, and Trooper Jay Johnson, of the Houghton Lake State police post, who investigated, said the accident occurred just over the Roscommon-Crawford line in Beaver Creek township of Crawford County.

The officers said Korankiewicz apparently failed to see the sharp curve because of the rain-soaked, blacktopped highway and his car plunged off the road and into the tree. Both men died instantly from crushed skulls and internal injuries. The car was a total wreck.

Mr. and Mrs. Hjalmer Mortenson of Beaver Creek report that they had six hunters from Kalamazoo who made their home their headquarters during the opening of the hunting season, all of whom went home with bucks and all were gotten over the opening day. The nephew, Bernard Palmer of Detroit, who formerly lived here and attended Grayling schools, and who was their guest was not so lucky.

Don Reynolds of Mt. Pleasant and Claude Reynolds of Muskegon were here for a few days of deer hunting last week and visited their mother, Mrs. James Reynolds.

Mr. and Mrs. Lowell Overly of Detroit were at the Fletcher cottage on Eagle Point last week, here for deer hunting. They also visited the latter's brothers Wesley and William LaGrow and Sister Mrs. Floyd McClain.

Mr. and Mrs. Elmer W. Gerhard of Detroit, are at their home "Twin Bridges" on the North Branch of the AuSable River for the hunting season. They have had as their guests Mr. and Mrs. Harold Wolff of St. Clair Shores.

Charles Melichar of Traverse City has been hunting in this area and making the rounds calling on old friends, having at one time operated a bakery here.

Guests at the home of Mr. and Mrs. W. J. Heric last week included the Charles Duncun family, George and Richard Simpson of Saginaw and Mrs. Heric's nephews Ralph Allen and Vern Soules of Kalamazoo. Of the crowd the latter two were the only lucky ones to fill their licenses. On Thursday the first birthday of Glen Duncun was celebrated with a dinner and birthday cake, before they returned to their home.

Orman Coe and J. Price of Battle Creek were hunting guests at the home of Mr. and Mrs. Donald Weaver at their home at Lake Margrethe last week.

Mrs. John Wahlstrom entertained the Danish Reading Circle at her home Thursday afternoon.

Archie Collier and Don Vigil of Pionconing were guests at the Harold Ensmussen home several days last week, here for deer hunting.

Mr. and Mrs. Emerson Griffith and family of Ft. Wayne, Indiana are spending the week with his brother, Mr. and Mrs. George Griffith down river. Mr. and Mrs. Horace D. Lowe of Ft. Wayne and Mr. and Mrs. Glen Stewart of Oak Park arrived Wednesday evening to spend the weekend.

Engineers, Safety Council, Both To Run Tests

The Grayling McNamara Air Base will be as busy as a bee hive during this winter as tests will be run on the sprawling installation by the U. S. Corps of Engineers and the National Safety Council as well.

About 10 enlisted men accompanied by officers and Frank Austin, chief testing engineer for the Research and Development section of the Corps of Engineers, will arrive at the base in the first week in January. All of this was revealed at a meeting at the Lone Pine Inn last Thursday evening when Austin accompanied by Dan Weeks of Kalamazoo met with city officials and community leaders to iron out lodging, food and transportation problems for those running the various tests and visiting manufacturer's agents and others who will come to Grayling to witness the winter trials.

The Corps of Engineers will have equipment valued at \$400,000

12 More Endorse Lighted Field

Twelve more Grayling men have signed the lighted athletic field petition since last week although no concerted effort has been made to circulate it.

Those signing during the past week were: Harry Krumrei, Charles Kovach, James Post, Frank May, A. J. Nelson, Harold MacNiven, Anthony Buron, F. J. Smiggen, Lyle Billisby, R. S. Thompson, Charles D. Piper and Lester O. Welch.

A meeting this week is expected to lay out a campaign for financing as well as a schedule for starting construction and seeking the co-operation of all concerned in the field.

Supporters of the plan will attend the Grayling City Council meeting next month as well as the Grayling School Board to seek their aid and suggestions to make the field the best possible in this part of the state.

Viking football coach, Arthur Allen who was named at a recent Grayling P.T.A. meeting as a committee of one to investigate the possibilities of a field has sent out several letters to communities in Northern Michigan who have installed lighted fields in the past years. The letters contain a questionnaire which covers most all phases of the problem. Upon the receiving of answers from these other schools, the field can be charted from the experiences of other communities.

Call Winter Sports Meet

Grayling Winter Sports President Grover Cason announced today that a general meeting would be held on Wednesday, December 2 at the Shoppenagons Inn starting at 8 p. m.

Plans for the coming season will be discussed and work plans laid out for pre-season clean up.

Mrs. Charles Piper drove to Traverse City Wednesday to meet her daughter Miss Holly who arrived by plane from school in Lake Forest, Ill., to spend Thanksgiving vacation with her parents.

The Michigan Railroad Association located in Lansing entertained 150 guests at a surprise birthday dinner honoring Col. Roy C. Vandercook last Friday evening. The dinner was held in the American room at the Hotel Olds, Lansing. Present from Grayling were Mr. and Mrs. George Griffith, Dr. and Mrs. C. R. Keyport and John Bruhn.

Mr. and Mrs. Don Gotro spent the weekend in Flint as the guests of Miss Nellie Loss and attended a showing of South Pacific.

Dr. and Mrs. C. R. Keyport spent from Thursday until Saturday in Lansing.

Lawrence (Bud) Hunter drove to Kalamazoo Wednesday to get his daughter Patsy, her guest Henrietta Halliner, and Jean Lovely who will spend Thanksgiving vacation here. The girls attend Nazareth College.

Mr. and Mrs. Ed Martin and family of Lansing spent the week-end visiting Mr. and Mrs. T. P. Peterson and Mr. and Mrs. J. L. Martin. Mrs. Martin remained in Flint after Thanksgiving and Mr. Martin will join them for the holiday.

Visitors at Mr. and Mrs. W. H. Fairbairn at their Beaver Creek home over the week-end were their daughter Phyllis and family, and Mrs. Donald Crum and William and Mary Ethel, their son Clair Fairbairn and wife and William Ross all of Pontiac. Dinner guests Sunday evening were Mr. and Mrs. Cal Church of Grayling, Mrs. Jim Halford of Seattle, Wash., and Mrs. Ray Carpenter of Holly Hill, Florida. The ladies are sisters of Mr. Fairbairn.

Roy McEvers and son Ted, the Rev. Hollie Luter, son Mel, Ed Underwood, and Lyle St. Johns spent several days last week hunting at the McEvers cabin on Bois Blanc Island.

on the air base for trial runs, Austin said. From 40 to 50 other troops will be coming in off and on and staying from a few hours to possibly a few days. Those representing firms who hope to gain contracts to build the equipment being tested will also be coming into Grayling for stays of from a few hours to a few days. Their number may be from 10 to 15 to well over a 100 at times. Add to this the National Safety Council's testing which will bring in representatives from such firms as Goodyear, Goodrich, General Motors, General Tire, American Automobile Association, International Salt Co. Inc., Bendix-Westinghouse Air Brake Co., International Harvester Co., Chrysler, American Chain and others, and it is easy to see that Grayling should be a busy place during January and February.

Mr. Austin stated that the National Safety Council's tests would last five to six weeks but several of the individual companies who are co-operating on the Council's tests would like to stay several more weeks until the weather breaks for their own specialized tests.

The tests by the Corps of Engineers will be mostly on snow and ice removal. They plan on keeping one airport runway open from dawn to dark every day of this winter regardless of weather. The equipment will remove the snow and then rerun over the cement runways to remove the ice and leave the runways as dry as a livingroom floor.

Mr. Austin stated that if the tests were successful and food, lodging and transportation problems ticked satisfactorily and Grayling wanted it, most likely a permanent winter testing base could be established here. The tests will be both operational suitability and equipment tests run in conjunction with the Army Air Force and if the equipment proves satisfactory bids can be let in the late spring or early summer in order that production may start and air bases around the world equipped with the machinery before the following winter.

Mr. Austin said he felt that the various companies being represented as well as the Corps of Engineers would probably employ from 15 to 20 local men throughout the running of the tests. He stated that the Defense Department has already written the orders for the setting up of the winter testing of the various machines. Everything needed for operation including fuel will be purchased locally, he stated. The crews will work all week except on Saturday afternoon and Sunday and may work then in case of emergencies.

The biggest problem, Mr. Austin stated, in operating a winter base has been so far an increase in cost of living after the base was established. The enlisted men on the project are given a \$9.00 per day subsistence allowance from which they must rent quarters, buy their meals and pay for their transportation. Previous experience has been that room rent and meal prices have soared after such a base was established causing hardships for the enlisted men working on the project. The meeting Thursday night was called to attempt to head off any such experience in Grayling, if possible. A permanent testing station which would bring business to Grayling when it is needed the most might be the result if this problem can be overcome, was the consensus at the meeting.

Local Church Changes Ministers

The Grayling Assembly of God Church announced this week a change of pastors. Rev. Keith Phillips who has filled the post for the past year has resigned and the Rev. Nathan Birdwell of Flint has replaced him.

Rev. Birdwell brought the message to the church assembly on Sunday, November 15 and plans to move to Grayling on Saturday, November 28. Rev. Birdwell is not married and is a former college and high school instructor in music and English. He said that he planned to work with young people at his new pastorate as much as possible.

Woman's Club

Womans Club met at the home of Mrs. Alfred Sorenson, Monday evening. Thirty-seven ladies were present. Mrs. Carl Richardson vice-president was in charge of the meeting in the absence of the president.

Mr. C. A. Dunnington, furrier, of Traverse City, gave an interesting program on furs. He had with him coats, stoles, jackets and other fur pieces which were modeled by the members. The ladies decided that it would have been real nice if their husbands could have been present.

The next meeting will be a potluck held jointly with the Kiwanis Club at Michelson Memorial Church on December 7th.

John Harrison, Roger Keelan, George Petrich, Bernie Riley and Alice Ewalt are patients at Mercy Hospital.

A son was born to Dr. and Mrs. L. P. Hayes at Mercy Hospital, November 22. He weighed 7 pounds, 3 ounces.

Grayling, Michigan, Thursday, November 26, 1953

March Of Progress

Progress in a village, town, city, state or nation is a living and breathing thing. It must be kept alive by careful nurturing or it dies and retrogression sets in which in time means the death of the political division in which it occurs.

Grayling for quite some time has been more or less in the doldrums. However, in 1953, progress was reborn in our town and arrived as a large and lusty baby. The actual birth, in our opinion, was the decision by the Grayling Post 106, American Legion, to seek support from the public to raise finances to build and equip a six lane bowling alley and a new Legion Hall. The new building in all its glory now stands on US-27 in Grayling as a suitable monument to those men who felt that it could be done and went out and accomplished it.

Progress entered yet another stage on its growth to a full-fledged citizen of Grayling when a decision was reached to attempt a financial drive for \$300,000 in the area to construct a new, modern, fireproof Grayling Mercy Hospital to replace the old, outmoded present structure. Before and during this sixteen week campaign, the moaning could be heard at every hand, echoing, "it can't be done." Still it was done and the goal far over-reached. By next summer, another monument to Progress in Grayling will be rising in Grayling, this time in the north end of town on US-27.

The Avalanche firmly believes that this selfsame Progress can be made a permanent citizen of Grayling and that Grayling's best years lie just ahead of the present. It is, however, necessary that we continue to nurture and coddle this wonderful youngster that we

have discovered. It still will take much of our time and care. This we should give freely.

For the past several years, we have viewed with alarm that seemingly backward march of things athletic in Grayling. Crowds are way down at all types of contests both High School and Independent. Other towns surrounding us in our same area, and in some cases much smaller communities, have forged ahead with lighted athletic fields. The fields can now be so arranged that it is possible to use them for baseball and softball in the summer, for football in the fall, for lighted skating areas in the winter and for night track meets in the spring. A move is afoot in Grayling at the present to have such a field here in operation by this summer. The idea is a wonderful way to keep our child Progress breathing and alive. We think it is a sound idea business-wise and entertainment-wise. We feel it should have everyone's support.

Discussion at this point, admittedly premature, would place such a field on the City Park property at the end and south of Michigan Avenue. It is thought at present that the field should be designated as the Crawford County Memorial Field. It would be open for use by high school and independent athletic teams.

The Grayling School Board now holds plans for such a field and the necessary finances, labor and materials are practically in hand. Don't you think we ought to keep little Grayling Progress breathing and growing?

**K. of C's PLAN
VENISON DINNER**

Plans were made by the members of the Fr. John J. Reiss council Knights of Columbus, of Roscommon, Michigan, at the regular meeting Monday night for their Annual Venison dinner for the

Knights and their wives, to be held Monday, December 7th at St. Michael's Parish hall at Roscommon.

The event was started a few years ago when Father Grill, Chaplain of the Council bagged a Buck and donated the meat for the feed. The season is partly over and still no buck, however

the Committee headed by Earl DeMars are optimistic and have gone ahead with the plans again this year. Brother Knights who are successful in bagging a Buck have offered to furnish meat in the event Father Grill's luck is bad.

Communism in Russia has just about come to its peak. The Russian people know that they have been betrayed and cheated. Everybody has been shadowed by secret police and worked by the masters like slaves. The road to Siberia is strewn with the bones of people who cried out for freedom and justice. They showed them Lenin's tomb and told them, he was one of the ringleaders who overthrew the Czar and liberated them. But they forgot to say that he gave them a government a thousand times worse.

The Russian people and all of the rest enslaved are waiting for the right moment to strike. When that moment comes, that will be the end of these gangsters. The Communist's dictionary does not have the word, "liberty." They say that is just a word invented in America. Of course, we invented it and we intend to hold the copyright to it, too. These gangsters have the nerve to sit at a peace table and make and draw up laws for decent people to live by. If these communist outlaws want to see something that stands for freedom, let them look at the Statue of Liberty in New York Harbor. May Restrict AuSable Fishing

Public discussion of proposals to further restrict trout fishing on the AuSable river and its branches is scheduled for January.

With ever-increasing numbers of trout fishermen on the famous streams, conservation department fisheries authorities believe it may be necessary to increase legal size limits of trout to 10 inches from the present seven inches and perhaps to limit fishing to artificial flies only on all streams in the AuSable river system.

Members of the conservation commission, meeting earlier last week, proposed that any changes in regulations should be subjects for full discussion by all interested persons. Date of such talks may be announced at the commission's next meeting, slated in Lansing December 7 and 8.

From where I sit... by Joe Marsh

The Missus Keeps Posted

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well!

Looks like she figured I still needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

TAKEN IN GRAYLING AREA—Pictured are part of the 104 bucks stored at Burrow's Market, Grayling, which were taken in this area in the first two days of hunting. Most of the bucks belong to out-of-town hunters. According to Wes LaGrow, of Burrow's, the bucks seem to range heavier and more have racks than in previous years. He also stated that 104 is the most that have been stored there at the end of only the second day of hunting.

This week the children are
printing their names. Open house
was held Monday night, Nov. 9,
beginning at 8:00. Some of the
displays on the board were, Story
Time, Music and Special Days.
We also received our class pic-
tures this week. Everybody was
very pleased with their picture.
The new toys we have are a sink,
stove, cupboard and chest of
drawers.

Third Grade News
Sandy Strong

The third grade wants to thank
the mothers and fathers for at-
tending open house.

Carolyn Halsted and Ronnie
Moore celebrated birthdays this
week. We hope they have many
more as happy as this one.

There are three people who
haven't learned to tell time yet.
They will have to work hard now
to catch up with the rest of the
class.

The pictures which were taken
of the whole school, have arrived
and everybody is happy with them.

The third grade has joined the
Junior Red Cross, 100%. Good
work class.

Fifth Grade
Caroline Long

The room was decorated and
books were displayed for open
house on November 9th. The class
pictures arrived also.

Sixth Grade
Caroline Long

The reporters this week are
Barbara Kennedy, Constance Ow-
ens and Karen Macaulay. The
class displayed their taweling,
knitting, model airplanes, cars
and their workbooks for open
house on November 9th. The class
received their class pictures. On
November 9th the class saw a
movie on Rice Farming in Japan.
They have been collecting money
for the Junior Red Cross. Mike
Phillips, Jim Schefer, Karen San-
carter and Caroline Allison were
sick for a few days. The girls
have started hemming towels by
hand and machine and seven girls
have finished their "huck towel-
ing".

Class Pictures
Carolyn Deyett

An unusual amount of laughter
could be heard in the halls of
Grayling High last Tuesday, No-
vember 10th. This was due to the
arrival of the class pictures which
were taken last month.

It didn't seem to make much
difference to the kids whether
they were good or bad. They were
still in a hurry to exchange them
with their friends.

Mr. Richard, the photographer,
did a fine job though, considering
the material he had to work with.

Lower Office Report
Shirley Cantfield

The Elementary and High
all received their pictures on
November 10th.

Open House was held in the
class rooms of Grayling High
School and a good turn out. Every
one visited different class rooms
and teachers. Refreshments were
served in the Homecoming Room.
Everyone enjoyed themselves.

A garage for the buses and a
temporary band room was start-
ed November 9. They expect it to
be done about the middle of Jan-
uary or the first of February of
1954.

Red Cross donations are coming
in.

IT'S REALLY THE TRUTH

THANKSGIVING DAY WAS NOT
ALWAYS A DAY OF FEASTING
IT'S ALSO TRUE... THAT EVERY DAY IS A DAY OF
OUTSTANDING VALUES WITH US...
AND WE WILL PROVE IT!

THIS WEEK'S ANSWER
Thanksgiving Day was not always a day of feasting.
It was originally a day of fasting and prayer. Ref: New Inter.

ATTENTION: This message is particularly important to Small Businesses, Retail and Service Shop Operators.

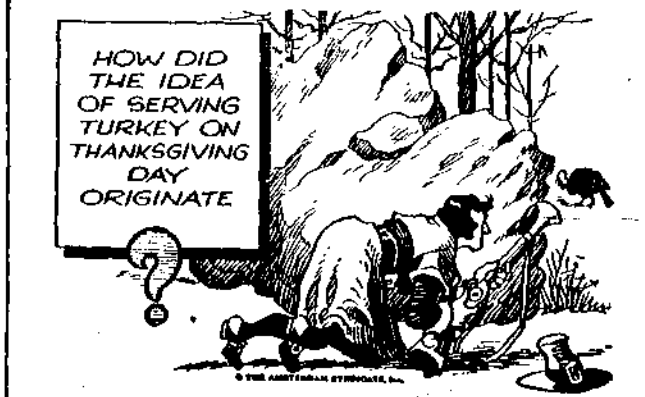

The Willys DeLuxe Station Wagon serves many business needs, whether for pick-up and delivery service, route call or occasional runs to supplier. It will handle up to half-ton in its large cargo space, and the ease with which it can be maneuvered and parked will help you keep "timetable" schedules.

Double Life... change in just a moment from the useful business vehicle to a smart passenger vehicle. Room for all the family... and the pets, too, as well as luggage if there is a trip to be made. Its economy of operation and maintenance is but another reason for its popularity. Better see your Willys Dealer soon and learn how this dual-purpose vehicle can fill your need.
